## THREW A BRICK

Through a Window of Passenger Coach and Seriously Injured Louisville Man—Reward Offered For Miscreant.

Shively, Nov. 4.—Detectives from Louisville have been searching for the miscreant who threw a brick in an Illinois Central train while passing the Alms House Thursday evening. The train, which was a passenger from Memphis and the South, in charge of Capt. John Wheeden, was two hours late and was running at a high rate of speed. A. H. Eagen, Superintendent of the I. C., said the Company would pay a handsome reward for the arrest of the offender. J. J. Hessian, of Louisville, was struck by the brick and seriously injured. He was rendered unconscious and came very near losing his life.

## MEDICINES

That are just grand and wonderful in curing the sick. You can mix them at home; and this prescription was given by one of the leading and most successful practitioners of medicine known. This is his favorite prescription, and he says it will positively cure all forms of blood diseases, rheumatism, catarrh in all parts of the system; cures kidney, bladder and urinary trouble. He has prescribed it for cure of the above diseases, and was crowned with success, and recommends it to all sufferers, and we know it is the best prescription ever published for the benefit of curing the sick. The ingredients are:

Rex Herb Compound, one ounce.  
Dandelion Fluid Extract, one-half ounce.  
Fluid Extract Cascara Sagrada Aromatic, 1-2 ounce.  
Syrup Sarsaparilla Compound, four ounces.

Mix the ingredients in a bottle, shake well and take in teaspoonful doses after each meal and at bedtime. A well known local doctor is authority for this statement, that one week's use shows wonderful results in nearly every instance, and in a short time a cure effected. Such symptoms as swollen, painful and stiff joints, lame back, frequent desire to urinate, pain in the bladder, chronic rheumatism, are generally relieved in a few days, and uric acid poisons and impurities of the blood eliminated, etc. You can get the ingredients from
